-UNITY IN DIVERSITY- THE NATIONAL MOTTO

PARIS - BALI, 30.07.2020, 09:45 Time

USPA NEWS - "Unity in Diversity" is the national motto of Indonesia. But beyond that, the profound idea of balance between wholeness and difference lies at the core of the working principle of the architecture & planning company Artalenta. Integrating architecture, design, materials, the company celebrates the variability of design styles as an important part of culture uniting people. Combined with high professionalism, responsibility, and creativeness, this principle brought Artalenta to one of the leading positions in the industry and helped it become the winner of Luxury Lifestyle Awards in the category of The Best Luxury Architect and Interior Design Studio in Indonesia.

Artalenta was established in 2004 in Bali by Indonesian architect and project director Uira, and today it can boldly be called a one-stop solution for each client's project. The company brought together professionals in the fields of design, engineering, and manufacturing. They form a team of experts who are fully responsible for the successful implementation of the projects.

The design management of Artalenta is focused on developing the perspective and implementation of the project in every detail. The team creates a specific experience and mood by means of the right tone, artwork, lighting, finishing materials, fabrics, furniture, fixtures, and equipment. Every project features a unique combination of material, textures, colors, and composition that create the company´s design signature. Using detailing, Uira and his crew manage to demonstrate the characteristics of the materials.

The works by Artalenta´s masters form a collection of masterpieces that tell you different stories in the innovative language of architecture. It is the result of a tedious work of craftspeople and manufacturers applying science, culture, and technology to deliver high-class architecture and quality.

"On behalf of the whole team of Artalenta and every professional we have worked with, I express sincere excitement in becoming the winner of Luxury Lifestyle Awards. We are happy to share the inspiration through each of our projects and create the atmosphere that is so highly appreciated by our clients and respected experts," said Uira, the founder of Artalenta.

The specialists of Artalenta direct, manage, and organize the projects on behalf of the company´s clients. Along with implementing artistic and functional ideas, they do everything to provide the clients with elegant homes and spaces that reflect their individuality in the whole and in every detail.
